

A Guide to Girl Scouts of Gateway Council's 100th Anniversary Patches

We have created a series of patches to celebrate the different programmatic events planned for the 100th Anniversary of Girl Scouting.

These events include:

- Founder's Day, planned in Fall 2011 by Service Units
- Girl Scouts Forever Green, the GSUSA 100th Anniversary Take Action project
- Girl Scout Week, local celebrations taking place the week of March 11-17, 2012
- Celebrate a Century, the huge event taking place at North Fork Leadership Center April 27-29, 2012

There are four components of this patch that will stack together to create a birthday cake. Even if you don't participate in all four activities, you will still have a birthday cake.

When planning space on a girl's vest or sash, please use the following measurements:
