For **Cadettes**: Activities to help you earn the Outdoor Art Apprentice badge

For **Seniors**: Activities to help you earn the Outdoor Art Expert badge

For **Ambassadors**: Activities to help you earn the Outdoor Art Master badge

Step One: Visit The Met

Use The Met 360 Project to explore spaces inside one of the three Met museums in New York City: <https://www.metmuseum.org/art/online-features/met-360-project>

Use the #metkids map to explore different kinds of art housed at The Met: <https://www.metmuseum.org/art/online-features/metkids/explore/>.

What's your favorite object? Why?

Step Two: Gather your materials and make art

Go outside and find objects like leaves, rocks, and flowers to make your own artwork. You could make your own version of something you saw at The Met, or come up with something all your own!

Step Three: Share!

Share your art with GSGC via Facebook and Instagram!
