

# How can religious organizations participate in Girl Scouts?

We welcome any religious organization's partnership with Girl Scouts! Our girls come from all faiths, reinforcing Girl Scouts' commitment to diversity and inclusion. Girl Scouts is one of the most influential opportunities available for girls. By supporting Girl Scouts, your organization is opening opportunities for girls and adults to learn, grow and discover the exciting journey only Girl Scouts can offer. Here are some ways you can support our mission of building girls of courage, confidence and character, who make the world a better place.

## Meetings

Allow troops to meet at your location.

## Recruitment

Each year, thousands of girls line up to join Girl Scouts. One of the easiest ways for girls and parents to join is by attending a recruitment event in the fall. Get involved by hosting a recruitment event.

## Programs

Girl Scouts is more than cookies, camping and crafts at troop meetings. We offer a wide variety of programs for girls of all ages! We have several program series that range from two to six weeks and give girls the opportunity to explore and discover new things.

**STEM** — Getting girls engaged with science, technology, engineering and math.

**Anti-bullying** — Girls learn how they can deal with bullying in their school and how to help their fellow students.

**Career planning** — Girls as young as 5 years old are already planning what they want to be when they grow up. Now is the time to get them excited about all the possibilities!

## Community

Girl Scouts commit to making the world a better place. Girls have improved their communities through service projects and advocacy. They take action in their communities and in the world by designing, organizing and implementing a sustainable project that will make an impact for years to come.
